----------------	--

**1. Welcome and Introduction**

10:00am Kara welcomed everyone to the meeting.

Thank you to the town for allowing us to use Zoom/YouTube channels for this meeting.

Round table introductions of CLC Members.

Welcome to the residents viewing on the YouTube live stream. The recorded meeting can be seen here;

[https://www.youtube.com/watch?v=db2z-v\\_KKf4](https://www.youtube.com/watch?v=db2z-v_KKf4)

No comments or concerns were brought forward about the September 6<sup>th</sup> meeting.

**2. Community Complaints**

The total number of complaints YTD 2024 was presented.

Reminder; Complaints that 'Mention Health' are counted when a resident calls with an odour complaint and highlights that they have a health concern. They are not separate complaints received by the plant.

The complaints table and graph now indicates which complaints indicated Cementitious materials and which did not.

**3. Alternative Low Carbon Fuels Update**

St Marys Cement reviewed quantities of fuels used YTD in 2024 and highlighted equivalent quantities for frame of reference.

**4. St Marys Cement Products and the Environment from a Marketing Perspective**

Shawn Kaylen and Natalia da Silva Fortuna presented on the products At St Marys Cement and their current use in projects in Canada and US. Also reviewed what an environmental performance declaration is and how they are calculated on site, and where St Marys Cement sits relative to other cement industries in North America.

**5. Questions Brought Forward in Advance**

None.

**6. Round Table**

Rob noted the presentation might be helpful for Town Council members.

**7. Closing Remarks**

The next meeting will be in March 2025.

St Marys Cement would like to wish everyone a warm and happy Holiday Season!
