

Attention Canadian Customers

Fuel Surcharge Applicable to Delivered Loads (\$ CDN)

Effective **June 1st**, the Fuel Surcharge will change from the month prior as per the calculation outline below.

- The trigger for a fuel surcharge will be if the average monthly fuel price surpasses \$1.15/L.
- The amount of the fuel surcharge will be established monthly, based on an average of the prior four-week period.
- **The surcharge applicable is \$0.07/t for every cent over the threshold.**

For example, using the month of February 2022 to illustrate, the average fuel price according to the Freight Carrier Association of Canada is \$1.386/L for the month of February, which means a \$1.65/t fuel surcharge would be invoiced on all volume delivered in March.

$(1.386 - 1.150 \text{ (threshold)}) = \0.236 difference

$23.6 \text{ cents} \times \$0.07/\text{cent} = \$1.65$

Current Fuel Surcharge

Here is the current surcharge and the weekly values, per Freight Carrier Association of Canada, used to calculate the surcharge:
