Attention Canadian Customers

Fuel Surcharge Applicable to Delivered Loads ($ CDN)

Effective **November 1st**, the Fuel Surcharge will change from the month prior as per the calculation outline below.

- The trigger for a fuel surcharge will be if the average monthly fuel price surpasses $1.15/L.
- The amount of the fuel surcharge will be established monthly, based on an average of the prior four-week period.
- **The surcharge applicable is $0.07/t for every cent over the threshold**.

For example, using the month of February 2022 to illustrate, the average fuel price according to the Freight Carrier Association of Canada is $1.386/L for the month of February, which means a $1.65/t fuel surcharge would be invoiced on all volume delivered in March.

(1.386 – 1.150 (threshold)) = $0.236 difference 23.6 cents x $0.07/cent = $1.65
